Tenorshare

iPhone Backup Unlocker Standard

Home Help About

Protection: No files  
Complexity: No files  
Password: No files

Step 1. Import Backup File

Backup file:

Please click "Add" button to import file named Manifest.plist [Advanced>>](#)

Step 2. Select password attack type

Brute-force Attack (Try all possible combinations. It takes more time)

Brute-force with Mask Attack (Customize numbers, symbols, characters, etc.)

Dictionary Attack (Quickly find the password from inbuilt or customized dictionary)

Step 3. Click "Start" to begin password recovery

If the password is longer than 6 characters, it will take more time to crack it. Please wait patiently.

Checking password: Password checked:  
Search speed: Total time elapsed:

Shutdown computer automatically after password recovery  
The found password will be saved in the folder named "password" in the installation directory.
